

THINK GREEN...

Plastic vs Paper

If all the shoppers using plastic bags last year had used paper bags instead, they would have increased the amount of solid waste by 100 million tons, and taken up 7 times more landfill space!

1,000
Plastic
Bags

15 lbs. (979 cubic inches)

1,000
Paper
Bags

140 lbs. (7,188 cubic inches)

Thank You For Using Plastic.
